PEMBROKE, March 1, 1884.

REPORT
OF THE
SUPERINTENDING SCHOOL COMMITTEE.

Your School Committee submit the following annual report for the year ending March, 1884:—

Amount of money raised for school purposes, \$2,677.37, and apportioned among the several school districts as follows:—

District No. 1,	\$234	77
No. 2,	198	15
No. 3,	160	77
No. 4,	131	76
No. 5,	83	21
No. 6,	167	15
No. 7,	99	00
No. 8,	1,478	30
No. 9,	103	50
Union School District,	20	76
Total	\$2,677	37

In submitting our annual report, your committee have thought best to ignore the old stereotyped and worn-out forms of speaking of the schools by districts, and of the teachers in detail. As a general rule, such reports are productive of no good. After the teachers' labors are performed, and the schools closed, no praise of ours will add to the success of those who have succeeded, nor censure make partial failures any the less.

A teacher may be successful in one district where all is harmony and good will, and the aim and efforts of both parents and pupils are for the best interests of the school, while the same teacher would utterly fail in another where wrangling, jealousy, fault-finding, and lack of interest and enthusiasm are the obstacles that inevitably prevent success. As a whole, our teachers during the past year have done good work. Of course some schools have made better progress than others. This is but natural. We cannot reasonably expect that scholars who have but twenty weeks' schooling during the year will make the same progress as those who have nearly double that amount. Strict and impartial justice to all would seem to require that all children should have an equal chance on the start in the great battle of life; and we look forward with hope to the time when the wisdom of our law-makers shall substitute for our present unjust and antiquated school laws such as will give to all an equal share of schooling.

In addition to the suggestions and recommendations heretofore given, we have but few to offer. Indeed, under our present faulty system, but few can be given (even if needed) of any value.

Your committee are of the opinion that all persons proposing to teach in town should, before entering upon such duty, be required to pass a written examination, which shall fully comply with a reasonable standard. This requirement is in accordance with the spirit of our time, and if it is enforced, our teachers will, without doubt, enter upon their labors better prepared.

It has been well observed, that the duty of parents to give their children a suitable education is "one pointed out by reason, and far the most important of any." Our own state has recognized this fact by her statutes for maintaining schools within her borders. Parents should do all within their power to assist teachers and committees in maintaining order and morality, or in doing whatever may tend to advancement; and that to accomplish the very best results it is absolutely necessary that the earnest friends of popular education should put forth their best efforts to elect only such persons for prudential school committees as have the best interests of the school at heart, and that in the discharge of their duties they will merge all personal considerations into the grand idea of securing

the best teachers possible, regardless of private preferences or family relationships, and that the whole moral support of our entire community should be given to the teachers employed, are propositions so self-evident as to need no argument.

Respectfully submitted.

MOSES R. LAKE,

ISAAC W.⁺ HOBBS,

Superintending School Committee.

THE MAGICAL REMEDY

**For Coughs, Colds, Hoarseness, Sore Throat, Bronchitis,
Bronchial Catarrh, Croup, Whooping Cough, Canker,
Asthma, and all Throat and Bronchial Affections.**

FOUR HUNDRED NEW ENGLAND CLERGYMEN have given voluntary testimonials as to the superiority of *Dr. Warren's Wild Cherry and Sarsaparilla Troches* over all other remedies of the kind.

Instantaneous Relief in all Diseases Affecting the Mucous Membrane.

Dr. Warren's Wild Cherry and Sarsaparilla Troches are perfectly safe, containing no injurious drug. No one who has once used them for relief of cough or cold, sore throat, catarrh, hoarseness, or any throat or bronchial trouble will be willing to do without them. No other remedy ever produced such magical effects. Those who use them for the first time are astonished at the result.

"The Inference is Plain."

Rev. Jairus Ordway of Salem, Conn., says:—"I took cold, and it grew worse, with diseased lungs and a persistent cough. I took my best cough medicine, and coughed on. Then I tried Dr. Warren's Wild Cherry and Sarsaparilla Troches, which have brought relief and sleep. The same thing has been repeated, the cough prevailing over other remedies until the Troches were taken, when relief was obtained. The inference is plain—I shall use the Troches."

"I Know They are Wonderful."

Dr. William Cummings of Rockland, Me., says:—"In my opinion, Dr. Warren's Wild Cherry and Sarsaparilla Troches are the best known remedy for all diseases for which they are recommended. I will gladly do all in my power to favor their sale. I recommend them to every person suffering with throat or lung trouble, for I know they are wonderful."

"Permanent Benefit."

Rev. J. C. Emery, M. D., Lowell, Mass., says:—"Dr. Warren's Wild Cherry and Sarsaparilla Troches are the best for throat troubles of any remedy yet tried, allaying irritation, cough, tickling, etc., almost immediately, and working permanent benefit."

"After a Trial of Many Months."

Rev. R. H. Howard of Millbury, Mass., formerly of Saxonville, says:—"Dr. Warren's Wild Cherry and Sarsaparilla Troches afford, under the circumstances, the only effectual, real relief. I cannot afford to do without them. I stand by all I have written in favor of the Troches in times past, after a trial of them of many months. They are an invaluable remedy. They work like a charm."

Catarrh.

Rev. C. P. Nash, Universalist pastor at Camden, Me., who had long had a catarrh trouble affecting the throat, making it difficult for him to speak in public most of the time, and almost impossible to sing, after using three boxes of Dr. Warren's Wild Cherry and Sarsaparilla Troches, wrote:—"Nothing I ever used did me so much good. I received manifest benefit at once and continuously, and now I speak and sing with an ease and clearness of voice I have not known for 25 years."

"Relief Immediate."

Rev. H. G. Carley, Prospect, Me., says:—"For a cough, or any irritation of the throat and lungs, I have never found anything equal to them. The relief is immediate."

"Sore Throat and Cold in the Head."

The Rev. N. M. Hazeltine, West Stockbridge, Mass., says:—"I find Dr. Warren's Wild Cherry and Sarsaparilla Troches of increasing service to me. At first I simply used them to clear my voice temporarily when it became husky. Recently I have found them of great service when I had taken cold, and my throat was really quite sore, and they also gave relief when I had cold in the head."

"Remedy Without an Equal for Canker."

"I have been troubled with canker in the throat and mouth for five years. Have employed several eminent physicians, but have never taken anything that would afford relief as Dr. Warren's Wild Cherry and Sarsaparilla Troches. I believe them to be a remedy without an equal for canker.—W. P. Merrill, Paris, Me., October, 1883.
